## Product Safety and Quality Management policy

The Directors and management of Kingston Carton Company Ltd have implemented a documented system of Product Safety and Quality Management supported by a Hazard and Risk Management (HARM) System which meets the requirements laid down in the British Retail Consortium (BRC) Global Standard for Packaging and Packaging Materials Issue 5.

By adopting this standard it is our intention to supply safe and legally compliant products to the specified quality whilst meeting our responsibility to our customers.

Kingston Carton is committed to the process of continual improvement in order to meet customer requirements on an on-going basis.

It is our commitment to all our customers that we are dedicated to the manufacturing of cartons to a standard required for the food and healthcare sectors, an area that we pride ourselves. These standards are indicative of our overall desire to produce cartons covering all market sectors.

Signed:

David Wilson  
Chairman

Date: 1<sup>st</sup> February 2018
